Invitation Letter for Medical Treatment at Tianjin Perennial General Hospital

ELISEI SAFRONOV (Passport No.: 66 3510589), a citizen of Russia, has been diagnosed with relapsed/refractory B-cell acute lymphoblastic leukemia (B-ALL). He is hereby officially invited to Tianjin Perennial General Hospital for medical treatment. Given his condition, we recommend that he come to the hospital as soon as possible. Upon arrival in China, he will be hospitalized and remain at Tianjin Perennial General Hospital. The entire examination and treatment period is expected to last approximately three months.

The estimated dates of entry and departure are from May 1, 2026, to July 30, 2026. During their stay in China, all expenses shall be borne by themselves.

His accompanying person, OLGA SAFRONOV (Passport No.: 76 7383537), the patient's mother, will stay with him at the hospital throughout the entire treatment period.

We would greatly appreciate your assistance in granting them the necessary visas and relevant documents to allow them to stay in China for the three-month treatment period.

Sincerely,

Gao Shunyou 高顺有

Director of The Tianjin Perennial Hospital Cancer Center
